

INDIANA
PHYSICAL THERAPY

Rehabilitation Experts - Real Results

Est. 1988

Therapy Staff Directory

Welcome to Indiana Physical Therapy

Established in 1988, IPT has grown to nine clinics in northeast Indiana, including five in Fort Wayne and one each in Angola, Auburn, Bluffton and New Haven.

Our rehabilitation therapy professionals are dedicated to providing the highest quality care for our patients and to maintaining strong relationships with our referring physicians. At IPT, we believe “Rehabilitation Experts - Real Results” is more than a marketing term. We ensure that every patient who comes to us is cared for by a rehabilitation expert, and getting results is what we do every day.

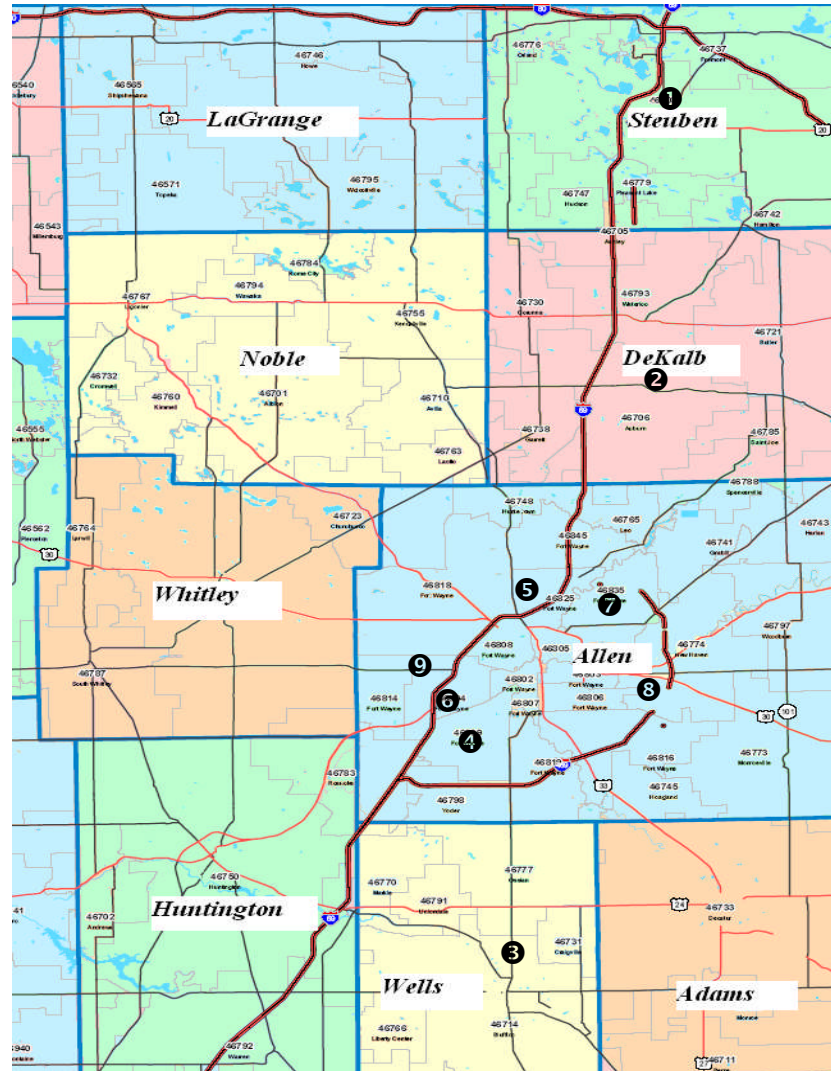

IPT is proud of its highly trained and credentialed staff and offers multiple rehabilitation specialties to better serve our patients. The IPT staff includes the largest number of Certified Orthopedic Manual Therapists (COMT) in a single private practice in North America. We recognize you demand the best for your patients, and we intend to meet your requirements each time.

INDIANA PHYSICAL THERAPY

Company Mission

Indiana Physical Therapy is dedicated to providing quality health care to our patients in a timely and cost effective manner; ensuring patients, referral sources, and customers receive prompt and courteous service and ongoing medical education. We expect to provide this service in an atmosphere in which employees can grow professionally and personally.

Just as our name implies, Indiana Physical Therapy Woman is a specialty physical therapy clinic that exclusively treats women. The difference is apparent right at the door - we offer a warm, relaxing atmosphere with a decidedly feminine look. To help patients feel more at ease, all of our therapists are also women - women who are experienced and knowledgeable professionals with a complete understanding of the unique needs of women. This understanding is what makes Indiana Physical Therapy Woman a distinctive, effective clinic for women of all ages.

Mission Statement

Indiana Physical Therapy Woman is dedicated to enhancing the quality of life of women of all ages through comprehensive, compassionate, and individualized physical therapy and wellness services by highly trained female therapists in a setting designed for women.

Industrial Rehabilitation Services

Indiana Physical Therapy understands the unique needs of an injured employee and has achieved successful outcomes over the years by designing individualized treatment plans to help in the employee's recovery and return to work.

In consultation with employers, IPT has designed an array of on-site services to help employers save medical costs and reduce lost work time. These services include:

- **Ergonomic Assessment / Job Site Analysis**
- **Employee Injury Assessment**
- **Employee Education Programs**
